We enclose a letter from the Public Library requesting the vacation of the alley extending west from the Library property line on Webster Street. We are assigning a Board Order to this project; however, we are not exactly sure of the procedure Jerry O'Dowd will make as attorney for the Library.

The Council in its meeting last Tuesday "goofed again" and O'Dowd threatens to take the matter through Circuit Court. If he does not, of course, a Declaratory Resolution should be prepared.

Board of Public Works

Gentlemen:

The proposed new public library for the City of Fort Wayne, as designated by Bradley & Bradley, Architects, faces unto the 900 Block of Webster Street, between Wayne Street and Washington Boulevard.

There presently exists a 14 foot alley-way mid-way in the block, behind the present public library building. In order to adopt the suggested design, it will be necessary to vacate a strip of alley-way 139 feet extending west from the library property line on Webster Street.

Attached hereto is a scale drawing of the property presently owned by the Fort Wayne Public Library indicating the proposed vacated alley-way.

As a substitute alley-way, it is proposed that the Fort Wayne Public Library dedicate a 16' x 150' alley-way, being a parcel off of the east side of Lot 473, Block 28, Ewing's Addition. This proposed new alley-way running north and south would provide an approach off of Wayne Street to the new public library building.

The following utility services are located in the alley-way proposed for vacating:

1. Underground cables of Fort Wayne City Utilities.
(Relocation of these cables serving the Phenie Avenue Substation to be relocated at library cost.)

1179

-2-

2. A 15" combination City Sewer.
3. Northern Indiana Public Service Co., 5" gas line.
(NIPSCO would use this gas line to serve the new structure.)

The Fort Wayne Library asks that a resolution be adopted by your Board vacating the present alley-way in order to permit the construction of the new public library building as proposed.

Your assistance in this regard will be very much appreciated.

Very truly yours,

Fred J. Reynolds,
Librarian
